

## Directors Note

It is my humble honour to welcome students, parents, national and international partners and all our distinguished viewers of SAUT Arusha centre website. SAUT Arusha centre is part of St Augustine University of Tanzania (SAUT). As SAUT family; we continue to be a fast growing and affordable university that warmly welcome students of all beliefs and culture. The centre strives to be a leading educational institution that enables students to become professionals, who in turn contribute actively on a local, national and international scale and help to transform the society to become sustainable and inclusive. Strategically located, excellent facilities, committed staff contributes to its keeping abreast of the current needs of the society. We offer trainings in various academic spectra that connect students with a global need of academic excellence.

Our objective is to promote a high quality university education, with a curriculum that is overtly wide-ranging, strategic, practical and contemporaneous. The University centre is uniquely located at the heart of Arusha City to offer excellent education, practical and contemporaneous. The University centre is uniquely located at the heart of Arusha City to offer excellent education in a culturally diverse enriching learning environment. Currently, the Centre offers over nine (9) programs ranging from undergraduate to postgraduate courses in education, Tourism and Hospitality Management, Law and Business Studies.

SAUT Arusha centre has a friendly and lovely environment and is a place where you will experience the enthusiasm and excitement of the university community. The wide reaching ethos of the campus is a great opportunity to find and appreciate value based education, and this makes everyone's life here look like a family life.

Those who have joined us and became part of our journey have come to learn that opportunities and possibilities are endless.

You are all welcome to be part of SAUT Arusha family

**Fr. Dr. Charles R. Gervas ((PhD (Chem), MSc. (Chem), BSc Ed (Hons), BA(Theol))**
